Amendments To The Claims

The listing of claims replaces all prior versions and listings of claims. Only those claims being amended herein show their changes in highlighted form, where insertions appear as underlined text (e.g., insertions) while deletions appear as strikethrough text (e.g., ~~deletions~~).

1. – 29. (Canceled).

30. (Currently Amended) A method of providing consumers information about consumer a-products through a subscription-based system where each consumer tightly controls the information provided by selecting specific subject areas of information for each consumer product ~~to a consumer interested in the product~~, the method comprising:

receiving from a potential consumer a selection of a consumer product available for purchase through commerce by the potential a-consumer of the product;

organizing consumer information about the product into specific subject areas providing to the potential consumer one or more subscription offers to different consumer information about the product, each subscription offer associated with consumer information about the product organized into specific subject areas subordinate to the product;

receiving one or more a-subscriptions to one or more of the specific subject areas about the product; and

when conditions relating to the subscription are met, formatting deliverables to be sent to the consumer according to the subscription, the deliverables including portions of the consumer information corresponding to the selected one or more specific subject areas.

31. (Original) The method of Claim 30, wherein the product comprises a service.

32. (Previously Presented) The method of Claim 30, wherein the receiving the selection of the product comprises receiving search constraints including one of "Company," "Brand," "Product," or "Service."
